

Joy

What do others see in you that the world does not have? Joy and hope. Through joy (the peace of knowing God and being part of His family) you show the world that you are different. Peace is also being in harmony with God. The world does not understand how come you can have all this joy when all the things around you are falling apart? Joy is being happy at heart. Joy, hope, happiness, and contentment all comes from knowing that we are doing the will of the one that sent you - our heavenly Father. Joy is the spark of life. Love, joy and hope all works together. a) Love is for others (you give it away) b) hope is for want God tells us that will come true and c) joy is for you and for others to see in you. That is what makes Christians different and puzzles the world.
