

Second Coming

The Second Coming is not supposed to make us stop what we are doing to wait for the Lord's return. And neither should it motivate us to focus all our attention on the events and political developments of this world. Instead, it should direct our hearts toward Christ, whose coming we await – and it should prompt us to purify ourselves as He is pure. Things that is happening now is just the birth pains of what's to come. Like a mother having contractions. The pain that seems unbearable will produce great joy. Jesus will be here again.

Also in the book (Bible), He described how the gentiles were grafted in the olive tree. The wild branch grafted into the domestic tree. One day soon, Israel will be grafted back into the tree. This day does not look like it is very far off.

Like Solomon said: fear God and obey His commandments that is all man can do. Our job is to show the world that God is the way. We must be His witness. Like it is said: souls are all that counts. One day Jesus will return and everyone on earth will know and see this event and there will be no mistake on what is happening. Every knee will bow and tongue will confess that Jesus is the Son of God. What a day that will be!

There are many stories in the BIBLE. God is the common theme in all stories. God wins over every circumstance.

God created you to exist now. You are special. These are the Last Days and He created you and you are special.

God created you to be an Over comer. Just think, you could have created anytime but God created you now. You are special!

Press on toward the goal to win the prize for which God has called you heavenward in Christ Jesus.

The best solution is to lean on the Word, the Name, and the Blood of Jesus Christ.

Jesus is all Truth, Wisdom, and Power. There is power in Jesus' name and blood.

Mike
