

Wonder

Ever wonder why Israel did not destroy the Dome of the Rock after the Six Day War? The short answer is power. Israel is mainly secular and does not want to obey God. This would change Bible Prophecy as it is written. God wins! The Dome of the Rock and the third Temple will be shared between the Jews and Palestine. The United States is pushing for this. This sets up for what is coming. God will show Himself mighty in the War between Israel and the Middle East.

Numbers 33:55

But if ye will not drive out the inhabitants of the land from before you; then it shall come to pass, that those which ye let remain of them shall be pricks in your eyes, and thorns in your sides, and shall vex you in the land wherein ye dwell.

This verse comes to mind about the Dome of the Rock.

Armageddon will happen 3 and ½ years after the Anti-Christ defiles the Temple.
