

Ghirardelli – Hot Cocoa

1. Use the blender first. Mix the cocoa with milk (8 ounces) in the blender then nuke the blended milk in the microwave for 2 minutes (stir after 1 minute).
2. I use a plastic container to nuke the cocoa.
3. I put some cold whipping cream in a mug (1/2 to 3/4 full) and pour the hot cocoa over the whipping cream in the mug.
4. Mix and serve.
5. This is great!

Hints:

1. I buy the cocoa mix (Ghirardelli) at Safeway.
2. I buy the milk (Shamrock Farms either whole or 2%) at Fry's.
3. I buy the whipping cream (Land-O-Lakes) at Costco.
4. Use cocoa and microwave to your liking.
5. I use 3 table spoons of cocoa mix.
6. I nuke for 2 minutes (stir after 1 minute).
